Orlando itinerary. Orlando florida itinerary planner.

Universal Studios in Orlando is full of rides, shows, and attractions that all call for your attention. You may want to have a little of everything, but time limitations may not allow you. This is why you should plan your time and know what you want to do at what time. With the best itinerary for Universal Studios Orlando, you'll need a few days to explore the best there is. You'll comfortably avoid the large crowds, save money, and choose some of the best places to eat. One essential thing to remember when planning is that the park is open every day from 9:00 AM to 6:00 PM. These hours may change from season to season and when the park is busy at a particular time. Despite being open the whole day, you can't possibly cover all the activities in a single day. For the best experience, here are some planning tips. 30 days before your visit to the Universal Studios, buy your tickets online and reserve your first three free passes. If you plan to stay at the Disney Resort, ensure you make the reservations 60 days in advance. Staying at the resort also comes with the advantage of reducing the time it takes to get to the park. It's advisable also to get the Express Pass. Although it comes at an additional cost to the general tickets, it saves you as much as an hour of waiting. It's especially helpful when the parks are busy during peak seasons like Christmas or Spring Break. Avoid the express pass if you plan to stay at the Portofino Bay, Royal Pacific hotels, or the Hard Rock Hotel. The cost of admission to the park starts at \$125. You can get discounts depending on where and when you acquire your tickets. As you book your tickets, remember to download a map of the theme park. Your schedule should help you get to all your favorite rides and attractions before anything else. If your visit is two or three days long, here are the top places you must prioritize. Islands of Adventure Depending on the time of the year you visit the park and where you stay, you can enjoy the Early Park Admission (EPA). This is available at the Islands of Adventure. Here you can head directly to Harry Potter and the Forbidden Journey. Harry Potter and the Forbidden Journey attraction is a combination of theatre and animatronics. The result is a unique experience that lovers of Harry Potter can never get enough of. It may be too scary for children. You can access the two attractions through the Express Pass or Single Rider line. The first part of the tour in the Hogwarts Castles is the most fascinating with iconic rooms. The second part is a ground-breaking flight simulator. Once you're done with the Forbidden Journey ride, you can head to other attractions. As a tip, avoid using your Express Passes if the waiting times are low. That way, you can spare some time later and come back to the same attractions for further engagement. Hollywood Rip Ride Rockit! This is a ride you don't want to miss. It's a high-speed steel coaster that lets you choose the musical soundtrack you like. It'll ease your anxiety as you go through the electrifying drops and scary twists and turns. For the ride, you can use the single-rider option. You can also consider waiting a few extra minutes for the front row. As a tip, consider doing the Rip Ride at night for an amazing view of the park as you get to close your day. The 3D Transformer Ride! On this ride, you'll head into the headquarters of the Non-Biological extraterrestrial Species Treaty (NEST). It's a 3-D motion simulator pack that lets you learn how to battle the Decepticons. It has close similarities with the Spider-Man ride in Islands of Adventure. The effects of the ride are intense, and the queue is manageable. You might meet Bumblebee or Optimus Prime after the trip. Avoid the ride if you're sensitive to the simulated motion. Despicable Me! You or your kids ever wanted to bring the Despicable Me world to reality, this is the chance. The queue here is quite something, but it's manageable. The attraction itself is made with some fantastic effects, which may, however, be too intense for small children. Curious George Goes to Town! The attraction is located behind the Simpsons area, which is an area with a collection of kid's attractions. It also has small roller-coasters, which are ideal for younger children. Curious George is a big water park where you can prepare to get soaked on a hot day. There are several attractions involving water, and your options are unlimited. However, two water rides you shouldn't miss are in the Toon Lagoon. One is Bluto's Bilge Rat Barges, and the other is Dudley Do-Right's Ripsaw Falls. Both rides have a way of combining the element of surprise with fun. The rides will leave you soaked but extremely thrilled and entertained. Ensure you get into the rides with appropriate clothing. If you don't want to miss out on the most famous water ride, head to Jurassic Park. Apart from getting yourself drenched, you'll also get to interact with dinosaurs. The actions, features, and creatures differ from those in Universal Studios Hollywood, but the experience is the same. Final Thoughts! A visit to Universal Studios without a schedule might leave you lost in all there is to see and do. Planning helps you prioritize what you shouldn't miss while noting what can be saved for later. The best itinerary for Universal Studios Orlando should guide you to your favorite attractions without straining your budget or time. With two or three days to spare, there's a lot you can achieve from your visit. Be sure to prioritize at least one item from the various categories of attractions for the best adventure. Planning a trip to Walt Disney World? You need my Disney Planner which will help you organize and plan your days at the Disney Parks, as well as all the other attractions that Orlando, Florida has to offer! This planner is the original one that I created and shared with you, and have since updated to v2.0. However, they are both great to use, and so I kept them both available to download! Version 1.0 has got a Week-To-View Calendar and + 150+ Labels so that you can really plan your Walt Disney World and Orlando vacation! Disney Planner I created this printable planner because the time had come to start planning a Walt Disney World vacation, and I needed something tangible that I could use, rather than a digital product. I couldn't find anything that I liked online, so I made my own Disney planner! The first time we went to Florida we roughly planned what we would do on what days - what parks to visit, rest days, etc - scribbling them onto a sheet of paper. We then shifted them around when we were there, mainly because for the first few days I wasn't very well. Our plans are never set in stone, but using this planner and labels for our second trip meant I could switch things around easily in the planning stages. Planning and Disney go hand in hand because there is much to think about in advance like FastPass+ selections, Advance Dining Reservations, and Special Events like Mickey's Not-So-Scary Halloween Party, or Mickey's Very Merry Christmas Party (which are hard ticket events that are not included in your regular park tickets, but you have to buy separately. These events often sell out!). You can check Disney's website for Extra Magic Hours if you are staying at a Walt Disney World Resort so that you can factor that information into your planning. Another Disney Read: 20 Walt Disney World Essentials Before I get into the printables, I wanted to leave a little note... I recently found out that some of the FREE printables that I had designed and shared on my blog, were being sold (by others, without permission) on sites like Etsy, and eBay. I had them swiftly removed - but I am very disappointed that someone lifted my work and made a profit from it. I clearly state that my free printables are not for resale... under any circumstances! I do not own the copyright to the characters used in [some of my] printables, which is why I do not sell them! If you ever see any of my work being sold by someone other than me, please, please get in touch with me by email so that I can resolve the issue. Thank you. While you're busy planning why not treat yourself to a fun Disney T-shirt in my TeePublic store? One of my personal favorite designs is the #SnackGoals tee because Disney Snacks are LIFE! A quick note: Because this is my older, v1.0 Disney planner printable, the labels for the theme parks and attractions in Orlando are not as up to date as my v2.0 printable - that is the one I update with the latest stuff. However, there are blank labels that you can easily fill in if you prefer this printable over the other one. Magic Kingdom Animal Kingdom Hollywood Studios Epcot Blizzard Beach Typhoon Lagoon Disney Springs Fantasia Mini Golf Winter Summerland Mini Golf Sea World Busch Gardens Aquatica Discovery Cove Kennedy Space Center Gatorland Legoland Universal Studios Islands of Adventure CityWalk Before you visit Walt Disney World, make sure you have Everything You Need to Know About Disney Magic Bands! A Must Read: 10 Tips For Your First Trip to Walt Disney World I've also made labels for the major shopping sites: Mall at Millenia Premium Outlets I've included generic labels for: Shopping Rest days Swimming pool I've also included blank labels for you to fill in if you so wish: Activity ADRS Dining Out (Breakfast, Lunch, Dinner, Snacks) Plus some completely blank labels On top of that, I've created 5 different weekly calendars: Week One Week Two Week Three Week Four Week (Blank) The calendars are a week to view, with a space for you to write in your dates and space for morning, afternoon, and evening planning. All you have to do is cut out the labels and start planning your Orlando, Walt Disney World Vacation! Version 2.1 Planner Version 2.1 of my Walt Disney World + Orlando Vacation planner is here! This is the most up-to-date Disney holiday planning printable that I have, and the one that gets updated. v1.0 It is now a week to view with space to plan your whole day - morning, afternoon, and evening, as well as breakfast, lunch, and dinner plus, even more labels! DOWNLOAD v2.1 OF THE PLANNER HERE The free printable(s) is (are) a PDF and can be opened with Adobe Reader which is free to use. You are welcome to print these free printables at a print shop if you don't have a printer at home, however, some print shops may not print licensed characters.
